1847 Bar Presents... DETTLING Platinum

This special four grain whiskey is 97% grown in Alabama. With only 600 bottles produced, this whiskey will be very hard to find in the wild. This special white whiskey is designed to highlight flavors and aromas that simply can't survive barrel aging. A true European style spirit grown and made by hand in the heart of Alabama. Come enjoy a complimentary tasting of DETTLING Platinum at our new 1847 bar!

Head distiller Seth Dettling will be on hand to help host the event.
